NEWLY REPRINTED
IJCEH SINGLE BACK ISSUES

The International Journal has instituted an annual program of gradually reprinting those back issues which are no longer available in inventory. Thus, as of 1983, it is now possible to order complete back volumes from 1983 back to 1958. While printing costs have spiralled during the past 5 years and continue their precipitous rise, it is our hope to have all missing back issues printed over the next 7 years so that readers may purchase all back volumes of IJCEH.

To a small scientific journal such as IJCEH, each back issue order (and subscription) is especially important to its continued existence and growth. Kindly review your own set of IJCEH back volumes and consider supporting IJCEH by sending an order for missing back volumes as described on p. 333 of this issue.
